If such reports are made, state the frequency and timing of the reporting.

(d)(1) Provide the rating characteristics used by the insurer to establish the premiums it charges for comprehensive insurance coverage for this type of motor vehicle and the premium penalties for vehicles of this type considered by the insurer as more likely to be stolen. This requirement may be satisfied by furnishing the pertinent sections of the insurer's rate manual(s).

(2) Provide the loss data used by the insurer to establish the premiums it charges for comprehensive insurance coverage for this type of motor vehicle and the premium penalties it charges for vehicles of this type it considers as more likely to be stolen. This requirement may be satisfied by providing the following:

(3) Identify any other rating rules and plans used by the insurer to establish its comprehensive insurance premiums and premium penalties for motor vehicles it considers as more likely to be stolen, and explain how

such rating rules and plans are used to establish the premiums and premium penalties.

(4) Explain the basis for the insurer's comprehensive insurance premiums and the premium penalties charged for motor vehicles it considers as more likely to be stolen. This requirement may be satisfied by providing the pertinent sections of materials filed with State insurance regulatory officials and clearly indicating which information in those sections is being submitted in compliance with this paragraph.

(e) List each action taken by the insurer to reduce the premiums it charges for comprehensive insurance coverage because of a reduction in thefts of this type of motor vehicle. For each action:

(1) State the conditions that must be satisfied to receive such a reduction (e.g., installation of antitheft device, marking of vehicle in accordance with theft prevention standard, etc.);

(2) State the number of the insurer's policyholders and the total number of vehicles insured by the insurer that received this reduction; and

(3) State the difference in average comprehensive insurance premiums for those policyholders that received this reduction versus those policyholders that did not receive the reduction.

(f) In the case of an insurer that offered a reduction in its comprehensive insurance premiums for vehicles equipped with antitheft devices, provide:

(2) The total number of vehicle thefts for vehicles manufactured in the 1983 or subsequent model years that received a reduction under each listed criterion; and

(3) The total number of recoveries of vehicles manufactured in the 1983 or subsequent model years that received a reduction under each listed criterion. Beginning with the report due not later than October 25, 1987, indicate how many of the total number of recoveries were—
